Heart of Ohio Family Health Receives Dental Program Funding

COLUMBUS, Ohio — Heart of Ohio Family Health (HOFH) has received a grant of \$5,000 from Delta Dental Foundation (DDF) to help provide dental equipment for the new oral health service line at Heart of Ohio Family Health at James B. Feibel Center, opening in early 2022.

“We recognize the importance of dental care as a key factor into overall health, and are excited to bring on-site dental services to our patients” Chief Executive Officer Dr. Buhari Mohammed said. “The Feibel Center allows us to expand patient services to include oral health as part of our overall quality of care.”

DDF’s funding will help us provide new oral health services at our newest facility, Heart of Ohio Family Health at James B. Feibel Center in Whitehall, Ohio. The expanded service provides our patients and families with the ability to receive care in a family space, and where they know they will be treated with dignity and respect.

“We are grateful Delta Dental Foundation supports our efforts to bring quality, affordable dental care to the residents of Central Ohio,” Dr. Mohammed added.

With the help of DDF, HOFH is able to ensure we have the dental equipment for this new service and are able to provide the best care for our patient’s health, regardless the ability to pay.
